of contentment & full

I have been thinking I would write you
when I saw brought in your letter. I went
to the using machine, money and I found Will
nail at Dorecher if he thinks we mean
to keep it. Dore said when I told him it was
his, if Will had, had it. possibly it might have
been lost, now it was safe. Will let us take it.
Before we moved to fix the pump, and it was
on the sink when we were picking up things
to move. I dropped it in the using machine
by safe keeping and there it is. Could have hunted
the house over if Will had called for it. try to
has not felt as well for the past 2 days. but the
trip to your home did not do it. I am feeling

very tired & my back is
aching
